

Smarter Cloud Meeting with Interactive Panel

Jan 24, 2022

The Info Hub and More

The interactive panel is more than a projector replacement

- Large format LCD display (55" – 98")
- With Touch Function
- Embedded with Android 9.0
- Preloaded with drawing, screen sharing, VC apps
- All-in-one large "smart tablet" and moveable

Key Features

- **4K UHD resolution, 178 degree wide view angle display**
 - Delivering crispy display quality
 - TRUE 4K experience including video, image playback and web browsing
- **Guarded by a 4mm thick, 7H hardness tempered glass**
 - Eye caring features built-in: anti-glare coating, low blue light mode, flicker-free
- **Multi-Platform Wireless Screen Mirroring**
 - iPad, PC, MacBook, Chromebook and share their screen onto the panel, thru wireless or wired networks
- **Supports Cloud storage and recording**
 - Cloud Drive and One Drive
- **Includes Cloud based centralized management**

The simplest way to connect with visual

- Ideal under social distancing measures
- Without the hassle of video conference call scheduling
- Using apps that everybody has
- Minimal training required

Innovative Usage

Doubling the Spaces for you

- Side-by-side configuration
- Utilizing MS Windows multi-display support
- Best for video conference sessions with shared documents

Smarter Meetings

Zooming to a natural view

- Zoom - Immerse View
- Teams - Together Mode
- Assembles up to over 20 participants
- Make video conferences feel more natural
- Taking advantage of large format display
